2010 Per Capita Spending for Local Libraries

Washington public libraries are well-funded compared to public libraries in most other states.

- For public libraries serving over 250,000
2008 mean expenditure nationally was \$37.23
2008 per capita spending in Washington was \$52.05

Based on adjusted Census population numbers and adjusted 2010 operating budgets, 2010 per capita local spending:

- The Seattle Public Library: \$85.93
- King County Library System: \$71.82

The Seattle Public Library

Public Library Governance and Funding Nationally

- 53% of libraries received 90% funding from local sources
29% of libraries received 80-89% funding from local sources
- Of 96 libraries funded by taxes, 53 had no taxing authority, 30 could levy, and 21 could levy bonds
- 53 libraries received dedicated property taxes
47 received general fund appropriations
- 74 libraries received gifts from Friends of the Library
65 received grants from Foundations
- 69% had authority to adopt budget, 46% had total control over expenditures

Potential Funding Options

- 1) Special Taxing District: Amend RCW 27.12 to create Municipal Library District
- 2) Special Taxing District: Amend or duplicate RCW 35.61 to include libraries
- 3) Base funding commitment from City General Fund with levy lid lift for excess funds
- 4) Earmark portion of existing tax or revenue source
- 5) Local option sales tax
- 6) Increase revenues to General Fund
